Liked Least:

- Nothing!
- Unable to take the local PHA tour due to scheduling, and unable to cover all material on Tuesday classes
- Going from one elevator to another to get where we were going
- Attendance was low
- No complaints
- Parking
- Not able to attend all sessions desired, because at the same time as other sessions. Maybe can have sessions repeated
- Lunch
- The Tuesday night event was too far south, and the parking at the hotel was too expensive
- No water in the room for speakers and paper recycling
- Location
- Not enough snacks
- Do door prizes for sessions at the breaks not end of session
- I didn't win anything
- Classes too long
- Breakfast was short on food
- Not working
- Committee meeting rooms that were lecture style
- Public funds concurrent with other classes – would have preferred this on Thursday instead
- Lunch food
- Detour to venue, confusion with logistics on Sunday
- Enjoyed all
- Sustainability
- Not having tables and chairs to use during breaks
- Dobie's mall (not really a mall)
- Too much walking from hotel room to classes, seasoning of food and flavored tea, no for breaks and breakfast

Next Time

- Please be more conscious of people with mobility issues
- More variety in music
- Have bottled water with sodas
- Great job! Classes on EID
- Continue with class variety and not having anything during the noon meal
- Music at dance should have enough of a mix to appeal to all ages, groups and ethnicities. Either have a more versatile band or use a DJ.
- Keep up the good work!
- I be Ready
- Shorter classes
- Speakers should get a gift
- Maybe I will win
- Have in Padre
- More entertainment
- Have lunch for volunteers Monday that work all day
- Schedule the evening social event for a place that is downtown and centrally located, and contract free parking for NAHRO attendee
- Attend more sessions and participate with the silent auction
- Advertise more
- Hopefully I can get where I need to go to get to classes
- Commissioner to assist in understanding all aspects of general operations
- Give survey out at end of second half. Tuesday classes were not able to cover all material.
- Let's have silent auction again

- Keep it the same
- In June at Arlington
